PROFILE

I'm a UX/UI designer and front-end developer with a strong focus on creating seamless, user-centered digital experiences. As a social, self-driven problem solver, I thrive on learning new technologies and refining my skills to craft intuitive and engaging interfaces.

WORK EXPERIENCE

UX/UI Designer   August 2024 - January 2025
Channable • Full time

As Channable's intern i contributed to marketing materials, web pages, and event assets. I gained hands-on experience with tools like Figma, CMS systems, and Adobe Suite, while collaborating with an international design team.

Frontend Developer   January 2023 - June 2023
team.blue • Full time

I developed new features for a web shop template in a PHP template system that is similar to REACT. I wrote reusable code with a focus on mobile first, that also came with determining the layout and design of some pages based on UX practices. I gained a general understanding in e-commerce specific development.

Kitchen Assistant   2022 January - now
Hanzo Aarhus • Part time

I work as part of a dynamic team in an open kitchen, particularly during service hours. This role has strengthened my communication skills, attention to detail, and ability to multitask effectively under pressure.

References from my employers are available upon request.

EDUCATION

Digital concept Development   August 2023 - January 2025
Erhversakademi Aarhus • Top-up degree

Multimedia design   August 2021 - June 2023
Erhvervsakademi Aarhus • AP degree

During my education I have worked with practice oriented developement methods, user centered developement methods, research and testing. I have also worked with responsive developement and SEO.
